

# Barcode Economy Run

New!

Buy a basket of our new Barcode Economy Run, benefit from the bulk order prices and get reliable sequencing results of your targets!

## YOUR ADVANTAGES:

- Further savings related to barcode labels batch sizes
- Comfortable labelling of sample tubes
- Less administration by one invoice for several orders without expiry date

## What we provide:

- Prepaid Barcode Labels for Barcode Economy Runs
- Single runs on plasmids or PCR fragments within one business day
- Average reading length: 600–900 bases
- Standard primers selected from our standard primer list will be added free of charge
- Re-runs are provided upon request
- Results are provided as textfiles and attached chromatograms via email

## HOW TO ORDER:

- On the web: [www.microsynth.ch](http://www.microsynth.ch) ... simply go to the online ordering form and follow the instructions
